

A Prayer for our Country and our President

Almighty God You created this wonderful world for us to enjoy. Then Satan, your greatest enemy, came to destroy your creatures. He started with our first parents Adam and Eve and continued His destructive plans for the souls of men.

Dear God, now the whole world is suffering with many problems especially the Covid-19 virus. Lord, end this virus, cure and heal all those affected by this virus and stop all-natural catastrophes and criminal activities.

Dear heavenly Father, we pray for our country, our President and all the citizens of the United States of America. Bring peace to all of us during this time of the pandemic. Please, solve the many problems we are facing in our country such as: abortion, racism, division, riots, rebellion, looting, murder and all forms of immorality.

Protect those who are defending the Divine and Natural laws. May our families follow in the example of our Lord Jesus Christ together with His Holy Mother Mary and St. Joseph. Protect all your faithful people fighting against violence, injustice, and the destruction of our Catholic faith.

Blessed Mother Mary, we consecrate our country and all the people of this great nation to your protection. St. Joseph protect our country from the devil and wicked people. St. Michael the Archangel send your angels to guard us from all evils. We ask these prayers for your people through Jesus Christ our Savior.

Amen
